Installasjon

VÅGEN EXPRESS U-TROUGH

Simple screw conveyors that are assembled in different lengths in the most used dimensions, Ø200mm and Ø300mm. The screw conveyor can be delivered in parts or fully assembled.

Configure your own screw conveyor in our online shop, order with the desired options and the transport screw is ready for delivery in 1-2 weeks.

This is a simple standard product, delivered without process guarantees. To ensure the right screw for your use, contact us by email vagen@vagen.no

IN-STOCK SCREW CONVEYORS

Complete simple screw conveyors are kept in stock for fast deliveries. These can be put together in combinations of 2- and 3-meter lengths, up to 12 meters.

TYPE	LENGTH	DIAMETER	CAPACITY
